

CELEBRATE VALENTINE'S DAY!

Have your students create a Love Bug this Valentine's Day!

You Will Need:

- ♥ Egg carton (one carton = 4 bugs)
(large rocks work well too!)
- ♥ Red and pink pipe cleaners
- ♥ Red paint
- ♥ Heart-shaped stickers
- ♥ Other craft supplies (optional):
beads, googly eyes, sequins, etc.

Step One

Cut the egg carton into four pieces lengthwise.

Step Two

Paint heart shapes on the top of each section.

Step Three

Insert pipe cleaner into the first section and form a heart shape for the antenna.
(Variation: if heart-shaped beads are available, feed one on to each end of the pipe cleaner.)

Step Four

Use heart-shaped stickers for the eyes, and have students decorate their Love Bug to give as gifts to their parents!
